

COFFEE CONSUMPTION TRENDS

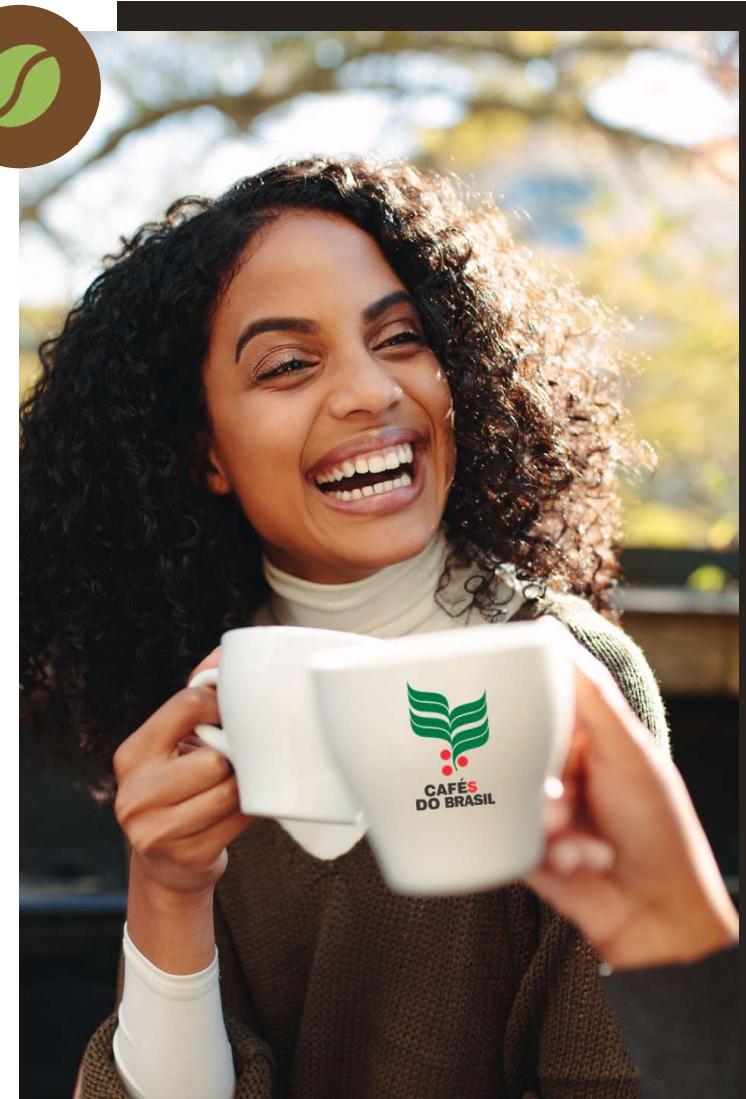

Pavel Cardoso | President

- 2nd largest coffee consumer market in the world
- Only 4,1 million bags separate us from the biggest market (USA)
- 21,9 million bags – domestic consumption
- Per capita consumption = 6.26 kg green coffee/hab. year
- Brazilians consume 1.430 coffee cups per capita per year
- The product is present in 98% of Brazilian homes
- Coffee is the food most consumed by Brazilians, according to IBGE
- For Brazilians, coffee is much more than what is in the cup: it is, above all, pleasure and emotion.
